Who we are

Trilogy Research Limited is a private limited company registered in England and Wales (company number 14632667). Registered office: 2 Bedford Mews, London N2 9DF. VAT number: GB 446 1428 00. "We", "us" and "our" mean Trilogy Research Limited, whichever of our brands you are visiting.

This website

This page covers the use of this website only. The site is for businesses and the people who run them, wherever they are.

Working with us

When we work together, a separate written contract governs our working relationship and takes precedence over this page. If we handle personal data on your behalf, our data processing terms are yours on request. Any service you can buy directly on one of our sites carries its own terms, linked where you buy. Nothing on this site is an offer.

Our content

Everything we publish here, including our own analysis and articles, is general information, not advice on your particular situation. Advice you can rely on comes only with an engagement.

AI agents

Our AI agents say openly that they are AI at the start of every conversation. Their answers are automated and can be wrong. They are not advice or an offer, and nothing an agent says changes these terms or creates a contract. Our free self-assessment report, where offered, is produced automatically from your answers: it is a useful indication, rather than an audit. Our privacy notice explains how we handle personal data, including these conversations.

Copyright and trade marks

Everything here belongs to Trilogy Research Limited or its licensors. Read it, print it, save it and share it, as long as you credit us and leave it unchanged. Link to any page you like. Please ask before using our brand names, which are trade marks owned by or licensed to Trilogy Research Limited.

Acceptable use

Search engines and AI assistants are welcome to read, index, cite and learn from this site. Please do not try to break into, overload or disrupt it; copy it in bulk to republish it or to build a competing service; or use our AI agents, or their answers, to train, test or build AI models without our written permission.

Other sites

We may link to other sites where we think they will be useful to you. We do not control them and are not responsible for them; their own terms apply.

Our responsibility to you

Nothing here limits our liability for death or personal injury caused by our negligence, for fraud, or for

anything else the law does not allow us to limit. Beyond that, this site is free and general: we do not promise it will always be available or right for your purpose and, as far as the law allows, we are not liable for any loss that comes from using or relying on it. If you visit as a consumer, nothing here affects your legal rights.

Law and courts

The law of England and Wales governs these terms and any dispute about this site, including non-contractual disputes. The courts of England and Wales have non-exclusive jurisdiction.

One set of terms

Every brand of Trilogy Research Limited shares these terms, and our Trust and Transparency pages at trilogyresearch.co.uk/legal hold them alongside our other published legal documents. If we change them, the version on this page when you visit is the one that applies.
